

PADEL CLUB 150W

High power LED floodlight with an elegant design for lighting competition padel courts. Manufactured with cold forged aluminum casing and glass plate to guarantee optimal heat dissipation.

It includes OSRAM driver and 150 Lm/W CREE chip, providing 22.500 lumens of real luminous flux and longer luminaire lifetime, reaching up to 100.000 hours, with 5 years warranty. In addition, its support with included rotation system offers homogeneous lighting on competition padel courts.

Meet the requirements UNE-EN 12193: 2009 standard for lighting sports facilities, according to:

* 8 floodlights padel CLUB: Class II outdoor // Class III indoor

TECHNICAL FEATURES

Electrical power output
150 W

Supply voltage · Frequency
220 - 240 V · 50/60 Hz

Operating temperature
-40°C ~+ 45°C

Real luminous efficiency
150 Lm/W

Real flux
22.500 Lm

Colour temperature
4.000 K

Gross Weight / Net Weight
6,7 Kg. / 5,8 Kg.
